SUMMARY

Highly motivated and capable Front-End Developer with 2 years of experience and proven consistency delivering high-quality work and results. Throughout the course of my career, I have gained the necessary experience and perfected my ability to create and maintain modern and accessible web pages and web applications.

With a strong technical knowledge, excellent verbal communication and problem solving skills, I find immense satisfaction in utilizing my expertise to create technology that empowers individuals to achieve their goals. Knowing that my work contributes to others' success drives me to strive for excellence. I am confident that these qualities can make me an asset to any team.
